

PRODUCT TECHNICAL DATA SHEET

HYGEX - GERMICIDAL TOILET, SHOWER AND RESTROOM CLEANER

DESCRIPTION

HYGEX is a new concept in hygiene standards for toilets, showers and rest room areas, with the added attraction of a 24 hour sanitation shield giving the ability to kill most offensive smells at source.

HYGEX, replaces the need for five commonly used products within toilet, showers and restroom areas; Bleaches, Harpic or similar, Channel blocks, Disinfectants and Scouring Powder, additionally HYGEX will also provide a safer alternative to dangerous products often used when other product combinations fail.

HYGEX will remove and dissolve limescale that tends to build up in toilet area furniture and will renovate most floor surfaces in seconds back to the original texture and colour and is a product that needs to be seen working to appreciate its power, safety and cost effectiveness. The product will dilute with up to 40 parts of water for regular day to day maintenance.

In shower areas, HYGEX will remove with ease body fats and soap deposits that dull shower tiles, helps control foot problems and provides a clean, lingering smell. The germicidal properties ensure the bacteria level is minimal. HYGEX is highly concentrated for economy of use.

For stainless steel furniture use CSL's LATREX.
For full deodorising use CSL's ODOUREX.
For blocked drainage systems use CSL's BLOCKEX.
