

PRODUCT TECHNICAL DATA SHEET

LEMFEX PLUS – Lemon Gel General Purpose Cleaner

DESCRIPTION

Lemfex Plus General Purpose Cleaner for floors and all/any hard surfaces.

A high quality General Purpose Cleaner in the form of a liquid gel. It is safe to handle and gives results which previously would require strong solvents.

Lemfex Plus General Purpose Cleaner has a refreshing sweet lemon fragrance. Lemfex Plus General Purpose Cleaner is based on a blend of natural vegetable oil soap. All surfaces that have been cleaned with Lemfex Plus will show a marked reduction in the bacterial count. This product works without producing excess lather and is a high concentrate product for economic in use costs.

Direction for use:

For Floors or hard surface general cleaning, hygiene maintenance and treatment for floors in toilet areas 200: ml in a bucket of warm water. Dilution of 50:1. Mop or scrub the surface and wipe dry. The treated surface may be lightly buffed when dry to enhance the finish.

Use the same dilution for wipe on wipe off general cleaning.

Lemfex Plus has many other uses and will reduce bacterial count, disinfect, deodorise and generally leave the area smelling fresh and clean.

Please also refer to instructions on the container.

Use only as directed.

The onus is on the user to ensure the product is used correctly and suitable for their purpose.
